ROLL CALL IN COREA.

Slowly died the last red sunbeam, slowly came the hush of night.
Where the moon-illuminated stronghold of the bearded Muscovite
Broke the landscape's rolling contour in a fair Corean vale.
Many a warrior's heart was heavy, many a warrior's cheek was pale,
For the bloody fight was o'er,
Silenced was the cannon's roar.
All was quiet as a form without a soul:
And, before the call of taps,
Several uncommissioned chaps
Volunteered half-heartedly to call the roll.

Major Hittedopsky, present;
Major Fourfushofsky, here;
Brave old Spikethegunsky, absent;
Bugler Blowsky standing near.
Punkeroff is here, and Snifsky.
Up spoke Quartermaster Biffsky:
"Can't lose me, boys, never fear!"
Present, too, were Hebbalstraighsky,
Acounpsky, Blufforff,
Cushioncaromsky, Pingpongsky,
Vladimir Onelungorff;
Butterinsky, Maltesecatsky,
Lagerorff and Antifatsky,
Ivan Caseyatthebatsky,
And the selfish Feetinorff.

Not to mention many more with appellations much the same,
Who retorted "Here" and "Present" when the time to answer came.

Slowly spread the crimson sunrise and the birds in the trees
Sang a song that sounded bully to the Muscovite main squeeze.
"By my beardsky!" muttered he,
"Twas a glorious victorie!
Valiant Spikethegunsky had to go, poor soul!
But the only other chap
Was the uncommissioned yap
Who succumbed to lockjaw when he called the roll."

—Milwaukee Sentinel.

Don't overlook the fact that low prices are thinning out the Barkley shoe stock.

The Haymakers last night had a big time at their Loft in East Second. There was a full attendance and after the initiation of Charles Rhodes, Godfrey Hunsicker, Cleveland Smart, Steven Pence, Clarence Rains and Charles Wise, a banquet was spread fit for kings and fun and frolic followed. It was a royal evening for the Redmen and fully enjoyed.

We are offering some special bargains in Sterling Silver Knives, Forks, Spoons, Sugar Spoons, Butter Knives, Icecream Spoons and Forks, Salad and Oyster Forks, etc. Special attention given to watch, jewelry and clock repairing. We are prepared to match stones in rings or other jewelry of any kind.
MURPHY, the Jeweler.

HANDSOME INCREASE

"Soulless Corporation" Advances Pay and Provides Holiday

A large increase in salary and other additional privileges have been granted to the telegraph operators on the C. and O. Railway.

A committee from the Order of Railroad Telegraphers and the C. and O. officials met at Richmond, Va., and the result was an additional \$10 on the monthly wages of the operators.

The railway officials also consented to grant double pay for labor on Sunday and a fifteen-day vacation each year, which heretofore has not been in force.

The action of the C. and O. people has put the key-pounders in a happy frame of mind, and the goose honks high.

COURT DAY CROWD

The Stock Sales Lively and It Looked Like Old Times

Notwithstanding the unfavorable and disagreeable weather there were more people in town yesterday than on any County Court Day for years.

The large crowd evidently patronized the stores, for all the merchants interrogated reported a satisfactory business. Our neighbors across the river were over and helped swell the crowd considerably.

The stock sale held at Myall & Dickson's Livery Stable was the center of attraction for the farmer and stock buyer. The scene at this point through out the day was a lively and spirited one. There was a plentiful supply of stock on the market and while prices were not to the liking of some they were fair.

Mr. George Wood, one of the best auctioneers in the city, was on the block and did the selling.

There was plenty of stock on the market and 17 head sold at fairly good prices considering the depressed condition of the market.

Gerbrich sold two Fine Pianos last week.
The assignee's sale of the Barkley Shoe Company's stock continues. Better take advantage of the bargains still to be had.

The various claims, together with officers' salaries, were read and allowed.

The Y. M. C. A. was refunded \$3 for a license paid for an entertainment.

Building permits were granted the following: A. R. Glascock, a bay window for a building in Court street occupied by Dr. Williams; M. C. Russell Co., framed shed, Third, between Market and Limestone; Frank Burgoyne, a bay window for residence in Commerce street; Mrs. James Wickham, coal shed; the Maysville Foundry and Machine Company, an addition; S. M. Pigg, a two-story frame building for shop and residence; R. M. Wallingford, a frame addition to residence in Sixth Ward; P. W. Wheeler was granted a permit to repair his property in Market street.

Quite a number of lawyers were present together with clients who were in attendance to present petitions of various natures.

A voluminous petition was presented by R. E. Martin asking for billiard and pool table license, said business to be conducted at 43 West Second street. A counter petition protesting against granting said license was also presented.

Lawyer Slattery was granted the floor to speak in behalf of the gentlemen who protested. He stated that such a place generally attracted loafers and that class of people. Notwithstanding Mr. Slattery's talk it was granted by a unanimous vote.

The Redmen were granted the use of the following streets for their Street Fair in June—Second and Third, Limestone and Sutton, Market and Court, Front and Third, Second and Fourth. The whole matter was put in charge of and under the supervision of the Mayor.

Mr. Harry C. Curran appeared in behalf of the President of the Board of Education asking permission to negotiate a loan of \$1,000. The request was granted.

A resolution was passed compelling the residents on East side of Poplar street from Third to Forest avenue to construct sidewalks. The same was made applicable to the residents of South side of Second street, South to Third along the East side of Poplar street, Fifth Ward. Also on the North side of Fourth, beginning at the intersection on East side of Plum extending along the North side of Fourth to Bank street, Fourth Ward. A number of other streets were provided for in like manner.

The Mayor was instructed to receive bids for the construction of pavements in front of all property whose owners have had the required 90 days notice.

The Ways and Means Committee, with Mayor and City Attorney added, was authorized to employ John J. O'Donnell as an assistant to discover omitted taxes. He is to receive 20 per cent. for his services.

In regard to the \$250 damage suit against Bruce Easton, the matter was deferred to another meeting of Council.

Mr. Picklin thought that in the future it would be wise for Council to exact of all officers where a bond is required that it be a Guarantee Company instead of a personal bond. Such a procedure would relieve friends from personal obligations and liabilities.

An arc light was ordered put in Maddox Avenue.

Mr. Ben Smith was re-elected Street Commissioner under the same terms as last year.

Mr. Dersch wanted better hydrant water and thought the consumer was entitled to filtered water. The matter was referred to the Water Committee to be reported at the next meeting. Nothing further Council adjourned.

William Austin Goodman, oldest Banker in Cincinnati, died Sunday.

Do You Want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by J. Jas. Wood & Son, Druggists.

IRRIGATION FOR KENTUCKY

Proposition to Introduce Plain Water in the Old State

Irrigation on a small scale may be tried in Kentucky next spring.

It is fair to state however, that the term does not refer to the style of "irrigation" usually indulged in this state, but that it means sure-enough water,—although the liquid is for agricultural purposes and not for beverage.

Representative Kehoe has had a heart-to-heart talk with the Secretary of Agriculture, and one of the Department's Agents, now on a similar mission in West Virginia, will visit the valley of the Big Sandy river and make a report to the Secretary which may be of some value to the residents of the valley.

With irrigation water can be obtained whenever needed, and the Department's representative will report on the practicability of irrigation through the construction of immense wooden troughs and pipe system.

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monroeville, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by J. Jas. Wood & Son.

Women's Handkerchiefs 15 Cents

Pure linen, not cotton or "Union." Hemstitched and embroidered with a pretty little running vine. The best 15c value of the year.

Also a lot of men's and women's plain hemstitched pure linen handkerchiefs, in various width of hem at 12½c. To appreciate the price, examine the quality.

Canvas Cloth 25c Yard.

We have had enquiries by the score for more of these soft, clinging, sheer fabrics. The mill has apparently had the same experience for it has kept us waiting till this week to fill our orders. Plenty now in a beautiful champagne shade, a pure clear white, rich navy and delicate blue. This is the fabric so popular for shirt

waists, and collar-cuff sets to be embroidered in Russian cross stitch.

The New Dress Goods.

The continued style is toward clinging fabrics. Chief in favor are voiles—and their name is legion—then the eolienues, etamines, mohairs and crepe de chimes. Other popular lines are in the open work weaves—some thin, others quite heavy, the designs looking like they were hand drawn. Some of the mohairs are in exquisite iridescent effects. Prices range from 50c to \$2.50 a yard. With a splendid variety at 75c and \$1.

Ask for Premium Stamps. A \$25 book is easily filled.

Use Ray's Edelweiss Cream for chapped hands and rough skin.

Mrs. Emory Briles and daughter, Miss Jessie, and son, Gerald, of West Third street, will leave Thursday for Frankfort, Ind., to join her husband, who is employed in that city.

Hon. James N. Kehoe was one of the speakers at the celebration of the one hundred and twenty-sixth anniversary of the birth of Robert Emmet by the United Irish Societies of the District of Columbia in Washington City Sunday night.

THE BEE HIVE!

Dear Customer:

Three years ago we anchored here. Since then we have given Maysville a drygoods store different from any that had ever existed here. We were trained for an up-to-date drygoods business. We do not claim that all our methods are original, for we get ideas from some of the best drygoods stores in the country. We doubt if there is a store in the world the size of ours that stands in with as many large stores as do we. That's to your as well as our advantage. A big store buys a lot of underwear at a very close price; says to us that we can have what we want of it at cost price. Another store buys a million pounds of writing paper; says to us you can have 10 pounds, 100 pounds or whatever you want at just what it cost us. That's "standing in." Do you get the idea? Saturday the C. and O. Freight Office telephoned us that 100 cases carpets, etc.,—about 20,000 pounds—have arrived. We will open them this week. Good things, that's sure. Come every day, for every day will be opening day. Our Mr. A. L. Merz telegraphed that an offer he had made on a large lot of goods had been accepted. Prepare for a big sale; when the goods come you will hear from us. And now before closing we want to say one word about Globe Stamps. Don't for one minute think we give them to you because we are GENEROUS; no, it's a cold business proposition; we give them to make cash trade. Most houses we buy goods from say you can have so much time, but we will give you a per cent. off for cash. That's what we say—stamps for cash. Some stores say they won't give stamps; they would have to mark their goods higher. We are wondering if they did. We don't. Sincerely yours,

TWO OF A KIND!

Louisville Times.

On March 2d THE MAYSVILLE LEDGER celebrated its thirty-seventh birthday anniversary by publishing a congratulatory letter to its Editor from an enthusiastic admirer in St. Louis. THE LEDGER is a bright paper, and its editorial columns are unusually sparkling.

THE Louisville Herald has just installed an immense Goss Press, a new electric motor and a complete up-to-date electrotypes outfit—evidencing the deserved prosperity of that excellent newspaper.

SENATOR McCREARY voted for the Panama Canal Treaty and Senator BLACKBURN voted against it—another evidence of Democratic "harmony" and the Kentucky Democratic desire to "ketch 'em a-comin' and a-gwyin'."

THE Russian newspapers are criticising the Japs for being "too rash, undignified and doing their killing in wholly unprofessional style." No doubt the Muscovites would very much like to have the little Japs adopt the "professional" style—which is to fight with a rapid-fire mouth.

COLONEL MICHAEL GOLDSMITH, who wears the proud title of "Secretary of the Ohio Federation of Labor," aired his voice at a legislative committee meeting in Columbus a few days ago. He took a crack at all creation, the temperance people included, and fairly soared when he declared that brandy was the panacea for every ill, and that "when ADAM went into the Ark he took liquor with him!"

If the 7,675 drivers of Cincinnati strike on March 18th, as it is said they will, people will walk who never walked before, and those who always walked will walk a right smart more.

THE Stuttgarter Mit-Und Ruckversicherungs-Aktengesellschaft is an insurance company with a capital of \$2,000,000, which insures machinery. What a time the policy holders must have cussing it when it raises rates.

THE Public Printer of Kentucky ought to "wear diamonds" when he charges \$28,240 for a poor job, which The Courier-Journal Job Printing Company's Manager says his shop would do in first class style and at a good profit for \$3,600.

THE statement was made by the Democratic speakers, including Governor BECKHAM, in the last campaign that the prisons had been self-sustaining under Governor BECKHAM's last Administration; and yet it appears from the reports made and published by the Hon. Gus G. COULTER, Auditor of Public Accounts for the State of Kentucky, that he paid out during his Administration of said office the sum of \$325,025.40 in excess of the receipts from the two Penitentiaries for the same time.

Of course, the Fire Insurance Trust is to give the screws another turn, and rates will be advanced some more. It might not be a bad idea for some Congressman to immortalize himself by having passed a bill to protect the people from this Octopus, alongside which the Sugar Trust and the Standard Oil Trust are mere ciphers. Doesn't it seem queer that these legalized robbers claim that they are losing money, and at the same time the Companies are publishing exhibits to show which one has the most millions piled up as a "surplus fund," while some of them boast that they pay their Presidents from \$50,000 to \$75,000 a year salary?

FRESH SEEDS

Following the refusal Saturday evening to accept the scale reduction proposed as the ultimatum of the operators, the miners yesterday morning met in convention at Indianapolis to discuss a resolution ordering the question of a strike to be referred to local Unions for a vote. Mitchell and other National officers spoke in favor of referring the matter to the miners' Unions. Finally, by an almost unanimous vote, the miners referred the matter to local Unions for a vote.

The Agencia Liberia publishes a telegram from its Chemulpo (Korea) correspondent, who asserts that Japanese forces, probably under protection of the squadron which bombarded Vladivostok, have landed on the Island of Askold and neighboring islets to the Southeast of and opposite Vladivostok. The landing, says the correspondent, was effected at Tin King. The Japanese squadron in the Yellow Sea, adds the telegram, still remains before Port Arthur. Three vessels of this squadron, with the cruisers Kasuga and Nishin, have been sent to Vladivostok. It is believed that a simultaneous attack will be made on both Port Arthur and Vladivostok.

At Frankfort in the House yesterday Lawrence of Trigg presided in the absence of Speaker Brown, who is ill. Heflin of Fleming offered a resolution providing that during the remaining eight days of the session the House hold three sessions daily. Speaker pro tem Lawrence announced that the Committee on Rules in both House and Senate had agreed to the order in which the bills be considered, and the resolution might interfere with the resolution entered into with the Senate. The resolution was, however, adopted, and from now on night sessions will be held. Under the resolution adopted, however, Senate bills fully will be considered the last four days of the session. A motion by Crow of Davies to reconsider the Senate bill prohibiting the sale of liquor by wholesale in local or den districts precipitated a hot fight. A verdict of Covington moved to table the motion to reconsider. The motion to table was defeated, and the bill resumed its place in the orders of the day under the ruling of the Chair.

A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. Mr. Henry Knoeshaw has returned from Charleston, W. Va., where he was called by the critical condition of his brother-in-law, Mr. R. A. Marshall, who was accidentally shot a week or so since. Mr. Marshall, though dangerously wounded, was somewhat better when Mr. Knoeshaw left him.

Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Penner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength. Sold by J. Jas. Wood & Son, Druggists."

All diseases and affections of the SKIN

Positively cleared away in a hurry. I vouch for it.

Thousands of wretched people are miserable—imagining they have a bad poisoning of the blood—when in nine cases out of ten it is purely a local parasitic manifestation in the skin which can be cleared away in a hurry.

Such misery now cleared away as surely as the sun shines above. Not merely ATTEMPTED—not a matter of improvement only—but a clearing of it all absolutely—and quickly, too.

ECZEMA.

The photograph showing the terrible inroads Eczema had made on this boy's face and head can be seen at our store. This work of the camera is the best evidence of the curative qualities of the D. D. D. Remedy.

(Case of Sammy Minkey. Cleared away and entirely cured in 21 days. Fully proven to us.)

We vouch for this—absolutely.

It has been proven to us beyond the possibility of doubt that a new medicament known as D. D. D. clears up the worst skin affections quickly. Its work seems astonishing, amazing, almost miraculous. (It is a specific formula which, because of its discovery by Dr. Decator Dennis, is known as "D. D. D."). Its actual record sounds like a story of magic. But there is no room for doubt about it whatever; full proofs indisputable in every respect, have been submitted to us regarding hundreds of cases—among them the one case shown here of the boy (Sammy Minkey), who was cured in 21 days. The results are not only complete, but permanent; in this case it is now nearly two years since the disease was cleared out of the skin, and no taint of it has appeared since.

Each one of the known skin affections is parasitic in nature, and all of them have yielded to "D. D. D." The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Co., 70 Dearborn St., Chicago.

It is utilized by every family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago.

It will clear away any parasitic break in the skin in from 3 days to 60 days' time. Visit the undersigned and see proofs that will make you a happier human. \$1.00 buys the prescription—already made up in sealed bottles, with authentic label on each.

On account of the muster-out of some of the Companies of the Kentucky State Guards the Maysville Company's letter has been changed from L to D.

All members of Company D, Kentucky State guards, are commanded to be at the Armory next Friday night, March 11th, and to bring with them their khaki uniform well washed and pressed, as all uniforms and equipments must be clean for the inspection which takes place on April 4th. River
News

The Allegheny river is still putting out ice.

The Tacoma was the Pomeroy packet last night.

The gage shows 43.6 at this point and rising slowly.

The Queen City, for Pittsburgh, is scheduled for tonight.

The Henry M. Stanley passed up yesterday at noon for Pomeroy.

Sixteen steamers are now on their way up to Pittsburgh with large fleets of empties.

The Horner, with ten coalboats and two model barges, and the Mariner, with five barges, left Pittsburgh Sunday.

Towboat movements have been slack during the past few days, but the rise will make it livelier among them than it has been.

Captain Peter Sprague, who has built many river towboats, is dangerously ill with pneumonia at Pittsburgh. The Captain is 76 years old and has built just as many steamers as he is years old. His last boat was the towboat Sprague, the largest in the world, which was named after him.

The Big Sandy wharfbarge, which lies stranded on the wharf at Cincinnati, where it was lodged some weeks ago by the heavy ice in the Ohio, was built in 1867 and is the largest boat of its kind in this country, costing originally \$78,000. It is probable the boat never will be raised. The management has taken away all of the pumps and other valuable machinery and has moved its offices to the wharfbarge at the foot of Main street.

The Name Witch Hazel.

The name Witch Hazel is much abused. E. C. In buying Witch Hazel Salve see that the name E. C. DeWitt & Co., Chicago, is on the box and a cure is certain. Sold by J. Jas. Wood & Son, Druggists.

BEAUTY OF SKIN
PURITY OF BLOOD

Ancient and Modern Ideas on These Interesting Subjects.

UP-TO-DATE METHODS

For Purifying and Beautifying the Skin, Scalp, Hair and Hands.

Socrates called beauty a short-lived tyranny, Plato a privilege of nature, Theocritus, a delightful prejudice, Theophrastus a silent cheat, Carnades a solitary kingdom, Homer a glorious gift of nature, Ovid a favor of the gods. Aristotle affirmed that beauty was better than all the letters of recommendation in the world, and yet none of these distinguished authorities has left us even a hint of how beauty is to be perpetuated, or the ravages of age and disease defied. Time soon blends the lily and the rose into the pallor of age, disease dots the fair face with cutaneous disfigurements and crimson the Roman nose with unsightly flushes, moth, if not rust, corrupts the glory of eyes, teeth, and lips yet beautiful by defacing the complexion, and fills the sensitive soul with agony. If such be the unhappy condition of one afflicted with slight skin blemishes, must be the feelings of those in whom torturing humors have for years run riot, covering the skin with scales and sores and charging the blood with poisonous elements to become a part of the system until death? It is in the treatment of torturing, disgusting humors and affections of the skin, scalp and blood, with loss of hair, that the Cuticura remedies have achieved their greatest success. Original in composition, scientifically compounded, absolutely pure, unchangeable in any climate, always ready, and agreeable to the most delicate and sensitive, they present to young and old the most successful curatives of modern times.

Maysville Citizens Gladly Testify

It is testimony like the following that has placed "the Old Quaker Remedy" so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Maysville citizen:

Mr. Elias Seudder, nurseryman, residing at 215 Casto street, says:

I had a good deal of pain at times in my right kidney and it constantly grew more persistent. When I learned of Doan's Kidney Pills I could hardly sit down on a chair or rise without placing my hands to my back, and should I thoughtlessly bend over it pained me severely to straighten. I procured Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and their use effected an absolute cure.

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

READ IT THROUGH.

"Would Spoil This Story to Tell It in the Headlines."

To use an eighteenth century phrase, this is an "over true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by J. Jas. Wood & Son.

THEN: "Every joint in my body was sore. I said I would rather sit in my House Until I Died. I could Hardly Get About."

The Ladies' Aid Society of the M. E. Church will meet in the basement of the Church tomorrow afternoon at 2 o'clock.

NOW: "I am better and more active. No more Rheumatic Pains. I sleep well. Every-body is surprised."

"I Give the Thanks Entirely to
PAINE'S CELERY COMPOUND."

Another Wonderful Record of Cure.

Rheumatism is cured by Paine's Celery Compound. It strengthens the nerves, stops the pain and drives the Rheumatic acids and deposits from the system.

The cure described in this letter, dated January 12th, 1904, by Mrs. L. E. Clark, 252 West 24th street, New York City, shows with what wonderful speed and thoroughness this marvelous remedy relieves the pains and cures the rheumatism.

New York, January 12th, 1904.
"Since I was cured of Rheumatism by your Paine's Celery Compound I have written letters to twelve or fifteen of my friends who also had rheumatism, and most of them have thanked me for my advice.

"My hands were beginning to stiffen at the joints, and every joint in my body was sore when I began taking Paine's Celery Compound. "My condition was so bad that I would sleep every night with a hot water bottle.

"Even then would get only half rested. "I could hardly get about the house, and though I usually was an active housekeeper, I had to let my little daughter do nearly all the work.

"They urged me to get a wheel chair, but I said I would rather sit in the house until I died. I am better and more active than I have been for a long time, and I have no more rheumatism pains. I sleep well at night, and everybody is surprised to see me so cheerful. I give the thanks entirely to Paine's Celery Compound."

MRS. L. E. CLARK,
252 W. 24th street, New York City.

The Cause of Rheumatism.

It was Professor Edward E. Phelps M. D., L. D., of Dartmouth College, the famous discoverer of Paine's Celery Compound, who laid down the principle:

"Trace every disease or pain to the TRUE CAUSE. Pain is only the sign or symptom. It is idle to treat the pain itself. The only true cure for suffering is the cure that CURES THE TRUE CAUSE—inner NERVE weakness."

When the organs that make and purify blood are not doing their work properly, the system fills with effete, poisonous matter. This collecting in the muscles and joints and along the nerves causes Rheumatism, Gout, Lumbago, and their kindred ills.

To try to make the blood-purifying organs do their work by local medicines is not only waste of time, but is harmful. The one way to restore such organs to activity is to give to the nerves the strength to make the organs do their work.

That is the wise and scientific course by which Professor Phelps's discovery, Paine's Celery Compound, does its work and achieves its astonishing victories.

It cures not only Rheumatism, but every disease or pain or ache that results from any derangement of the inner organs.

All the organs of the body depend on the INNER NERVES, and Paine's Celery Compound gives the nerve system the strength to make all the organs work in health and harmony.

LARGE TOBACCO SALE

Can Any Mason County Farmer Match This Lucky Man?

Bluegrass Clipper.

Mr. J. W. Parrish of Midway sold this week to V. F. Ziegler of Versailles, for the Continental Tobacco Company, his crop of tobacco consisting of 400,000 pounds at 11 1/2c and 11 1/4c a pound straight.

This is perhaps the largest single sale of tobacco ever made in this county, and the price brought shows the care and good judgment of the raiser and the resources of the buyer.

The tobacco is the product of 175 acres and is the largest crop ever attempted by one man in Woodford county.

Mr. Parrish is one of the most successful farmers in Kentucky, and the planting, working and saving in shape to command such a price is a feat that shows the possibility of the modern farmer when backed by intelligence, sound judgment and unfailing attention to details. Mr. Parrish has raised a number of large crops in the past, but last year determined to surpass all previous attempts. The result is stated above.

This crop while growing last summer was one of the sights worth seeing, and no one passed the fields without stopping to admire and wonder. It will bring nearly \$45,000—a fortune in itself.

We Decided Not to Carry Over a Single Overcoat!

If the prices will move them. With that end in view we have marked them down to just about half their value and will let them go.

If you are wise you will see these coats before the best are gone.

About four hundred in the lot.
